

Rafael Axel Frananda

Full Stack Developer

Jakarta, Indonesia | +6285171696909 | frananda.rafael@gmail.com | [LinkedIn](#) | [Github](#)

SUMMARY

Full-stack developer with a strong focus on frontend development using React, Next.js, and TypeScript. Experienced in building web applications end-to-end, from responsive user interfaces to backend APIs and databases. Passionate about creating intuitive user experiences and continuously exploring modern frontend tools. Open to both remote and on-site opportunities.

EDUCATION

Hacktiv8

Full Stack JavaScript Immersive Program ([Transcript](#))

Jakarta, Indonesia

June 2025 – September 2025

Universitas Putra Indonesia YPTK

Bachelor of Computer Science (Informatics Engineering) (GPA 3.70/4.00)

Padang, Indonesia

2021 – 2025

WORK EXPERIENCE

Japi AI

Indonesia

Full Stack Developer

December 2025 – March 2026

- Implemented, improved, and debugged backend features to support core platform functionality.
- Developed and maintained frontend components for the web dashboard to ensure a consistent and responsive user interface.
- Contributed to the company website, implementing and updating pages to reflect product and branding requirements.
- Tested application features end-to-end to ensure new releases worked correctly and did not break existing user flows.
- Worked closely with the team in a sprint-based environment to clarify requirements, align on expected behavior, and ship features on time.

SKILLS

Language: JavaScript, TypeScript

Front End: React JS, React Native, Next JS, Zustand, HTML & CSS, Tailwind CSS, Apollo Client
